

Lead 3 Spout Grid Wall Fountain

This unique and elegant design is simplicity itself constructed out of hand cast English Lead. The three spouts provide vivid water sounds. And the recirculating fountain can be a wall fountain or be placed in and amongst the plantings, all you need is a water source. Customizable in various sizes.

Pictured measurements: 60" Wide x 20.4" Deep x 43" Overall Height, 23.5" Front Panel Height
