

Lead Arched English Wall Fountain with Rectangular Basin and One Spout

This elegant wall fountain, in our English motif, is constructed out of hand cast English Lead. The arch is an elegant counter-point to the rectangular basin. The fountain provides wonderful water sounds and can be set up against the wall or stand in and amongst the plantings. All it needs is a water source.

Pictured Measurements: 41" Wide x 20" Deep x 50" Overall Height, 27.5" Front Panel Height
