

Lion's Head English 4 Panel Wall Fountain with Curved Basin

A stunning variation on a classic constructed in hand cast English Lead. A commanding Lion's Head and our English motif are a perfect combination. The curved basin lends softness and would be perfect in any garden space. The fountain provides ample water sounds and can be made with or without a date (as seen on back panel).

Pictured Measurements: 43" Wide x 59" Overall Height, 31" Front Panel Height
